

Advisory leaflet

Persons from abroad

Germany has a shortage of skilled workers and is attractive for foreign professionals for further development of their professional skills. Hallesche offers attractive possibilities of health coverage for the target group "persons from abroad".

Who is a person from abroad for Hallesche?

- A person who enters Germany or has entered within the past 12 months.
- A person is not considered to be from abroad if, regardless of where they are staying, they have had a residence in Germany that is subject to registration for the last 12 months.

The advantages of Hallesche

- Conclusion of classic comprehensive insurance plans (e.g. NK, KS or PRIMO) and of all supplementary plans possible
- Waiver of proof of residence or work permit. In return an individual financial check is effected for comprehensive coverage and for optional plans
- We accept pre-insurance coverage from Germany as well as every foreign statutory or private coverage, EU/EEA service providers and incoming coverage (Exception: holiday coverages)
- No copy of passport required
- No confirmation of registration of the registration office required
- We accept bank accounts of all EU and EEA states participating in the SEPA process

What you should consider:

- If you have a seamless pre-insurance of 12 months and no gap to the coverage with Hallesche no medical and dental examinations are required.
- An application for comprehensive coverage may be backdated up to 2 months to establish insurance coverage.
- No proofs are required any more when applying.
- From the entry age of 60 the form VG 149/VG 150 is always required for the comprehensive coverage.

NEW

If there are gaps of your insurance coverage of the last 12 months or if there is no pre-coverage we check the risk with a medical and/or dental examination (form VG 149/VG 150). This also applies for the additional coverage. No proof of pre-coverage is required for the application.

For further details to the proofs, further hints and remarks please see the checklist of the comprehensive coverage – persons from abroad ($\frac{W}{64}$) and the checklist additional coverage – persons from abroad ($\frac{W}{642}$).
